

Junior Product Manager /intern/

We are Smart Organic. We are producers of organic products for anyone who is health-conscious and wants a boost of long-lasting energy.

As a team, what drives us forward is the belief that we are creating something extraordinary – accessible and clean food, made from high quality ingredients and a whole ton of love for the people who consume it and the nature surrounding them.

Our brands Roobar, Bett'r, Kookie Cat, Dragon Superfoods, Курабийница, Био Класа are distributed in more than 50 countries. We have achieved our success thanks to our team of more than 250 employees, who put a lot of passion and love into the work they do.

As a part of the Smart Organic team, you could play a significant role in shaping the future of the organic business. Here, your work makes a great impact every day!

Currently we are looking for:

Junior Product Manager /intern/ in our product development department who:

- craves a challenge and is passionate about finding the best innovative solutions our customers are looking for;
- enjoys a multifaced work day in his/her strive to make a difference and is excited by the prospect of joining a creative, enthusiastic and positive team;
- appreciates natural food and healthy lifestyle.

What will be the role?

- Research and analyze trends in vegan and healthy food;
- Support the brainstorming process for new products;
- Communicate with subcontractors, partners and in-house departments such as production, quality, raw materials and others involved in the new product development;
- Work with our ERP software on creating and updating product information;
- Support the Product manager during the whole process from the idea of a new product to its release on the market.

What you'll need to succeed?

- Desire to develop your career in the field of product development /R&D/;
- Studying Marketing, Trade, Business Administration or other relevant;
- A creative mind who often have great ideas;
- Time management skills and ability to prioritize;
- Analytical and results-oriented personality.
- Excellent MS office skills;
- Fluency in English /written and spoken/.

What you'll get in return?

- Opportunity to gain experience on real, exciting projects and actually see the results of your efforts;
- Flexible working hours and duration of internship;
- Yoga and anti-stress exercises in the office;
- Stolova by Roobar in the office where you can enjoy delicious, healthy food everyday;
- Our healthy, organic products on special prices.

Why Smart Organic?

You will become part of a pioneer in the organic industry where healthy living and sustainability are our key motivators. We are creating an encouraging working environment for all of our colleagues and we appreciate and value open-mindedness, enthusiasm and responsibility.

Are you ready to take the challenge? Go for it. Apply now at hr@smartorganic.eu.
